The 'Problem' Solving Workshop

Have you ever wondered what you would do in a Survival Situation? How are you at solving complex situations? What if you were stranded with a group of people..... would you all survive? In this workshop you and your colleagues could be stranded in the Cascade Mountains, a reef off the coast of New Zealand, the desert or even an estuary in Spain.

This workshop is bold, interactive and thought provoking, teaching you critical thinking skills and building your capability to integrate this into your teams and workplace.

Over the 6 hours workshop participants will complete the following;

A Survival Simulation
Group Synergy Exercise
Problem Solving Solution Model

By the end of the workshop participants will be able to;
Apply the solution model to any workplace situations
Understand drivers of behaviour in a group/team setting
Develop Self Awareness
Build culture of their teamsand much more

We will be delivering this program at these locations on the following dates:

*ROCKHAMPTON - 20 May 2022

*BRISBANE – 27 May 2022
